Captain Avery Museum is pleased to welcome back Kenneth T. Walsh, award-winning presidential correspondent and historian. Come hear about his latest book, *Ultimate Insiders: White House Photographers and How They Shape History*.

Virtually unknown to the public or historians, White House photographers have developed amazing access to the Presidents of the United States. From children playing in the Oval Office to sending troops into harm's way, images created by White House photographers can make or break a presidential administration as well as define an era. Mr. Walsh tells their story.
